2. **Claims 1-8 and 11-23** are allowed. These claims will be renumbered as 1-21.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or suggest the claim limitation of the print processor for activating said previewer if a preview operation is designated when said print processor is activated by the spooler, generating a preview file in response to issuing of an image generation request by said previewer, causing an image data generator to save the image data generated based on the intermediate data in the preview file, and notifying said previewer of a file identifier of said preview file as depicted in fig. 2.

The features identified, in combination with other claim limitations, are neither suggested nor discussed by the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
